

MINNESOTA

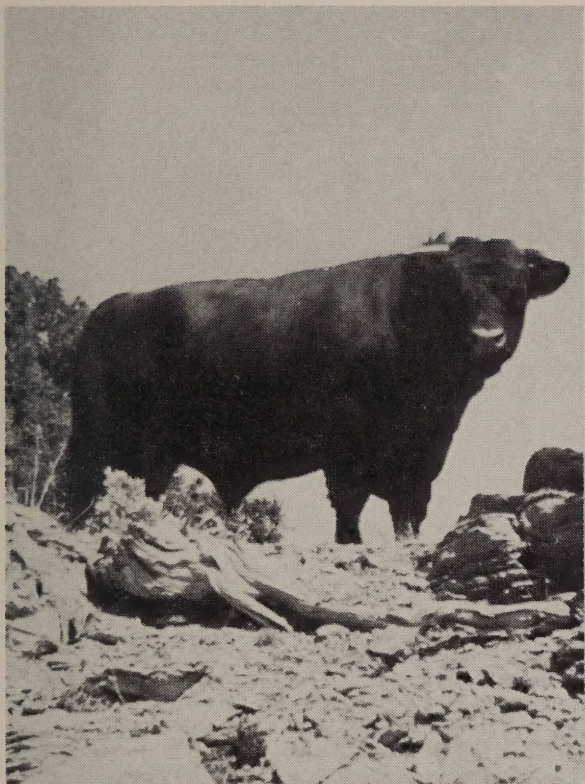

Shorthorn

SHOW & SALE

TUESDAY, MARCH 30
1965

Appleton, Minn.

The west is beginning to see more and more of these rugged Shorthorn bulls. They do their breeding jobs well and produce heavier, earlier maturing calves.

MINNESOTA SHORTHORN
Show and Sale
TUESDAY, MARCH 30, 1965

HEATED FAIRGROUNDS PAVILION

APPLETON, MINNESOTA

SHOW - 9:00 a.m.

SALE - 12:30 p.m.

48 BULLS — 11 FEMALES

No Better Place To Buy Than In Minnesota

(Please bring this catalog with you!)

GENERAL INFORMATION

TIME — Tuesday, March 30, 1965. Sale will start at 12:30.

LOCATION — The sale will be held in the modern, heated, sale pavilion on the fairgrounds at Appleton, Minn. Appleton is located on U.S. Highway No. 59 and has excellent paved roads in all directions.

TERMS — The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE — All cattle sold in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Association.

LIABILITY — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk, and sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability, legal or otherwise, for the buying contract or for any accident. Every effort will be provided for the comfort and safety of those attending this sale, but sellers or Minnesota Association officers and directors cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Statements from the block will take precedence over information in the catalog.

HEALTH — All cattle are absolutely healthy in every respect and will have passed a tuberculosis and Bang's disease test within 30 days of sale. Health certificates will be furnished.

CERTIFICATE OF REGISTRY — A certificate of registry will be furnished with each registered lot and the certificate will be transferred to the buyer without cost to him. Application for registry, properly signed will be furnished for each unborn calf sold in dam.

AUCTIONEER — Dick Kane, Wisner, Nebraska.

FIELDMEN — Clarence Brown, Appleton; Al Hamann, Rock Rapids, Iowa; Ted Aegerter, American Shorthorn Ass'n, Omaha.

SALE MANAGER — Bill Stunkel, The Shorthorn World, 1228 N. Nye Ave., Fremont, Nebraska.

VETERINARIAN — Dr. Will Schleifer, Appleton.

LUNCH — The Appleton FFA chapter will have a lunch stand in the cattle barn.

FOOTNOTES — All footnotes have been written by consignors or prepared from information presented by consignors.

LATE MAIL BIDS — Address, phone or wire any of the fieldmen, the auctioneer, or sale manager, care of Appleton Motel, Appleton, Minn.

Shorthorn females can take it. Wherever beef cattle are grown you will find Shorthorns. Note the thick fleshing of these two Shorthorn cows as they rough it on sparse New Mexico rangeland.

James Bryan, Red Wing, holds his champion bull at last year's Appleton Sale. He sold for \$625 to Oscar Hanson, Appleton, Minn. These are the kind of bulls you will find is this year's sale.

SHOW CLASSIFICATION

Judge: Daniel Winter, Morristown, S. D.

Show starts at 9:00 a.m., March 30

BULLS

CLASS I — Bulls calved before 1963

Lots 1, 2, 3, 4, and 5

CLASS II — Bulls calved Jan. 1, 1963 to March 31, 1963

Lots 6, 7, 8, 9, 10, 11, and 12

CLASS III — Bulls calved during April, 1963

Lots 13, 14, 15, 16, 17, 18, 19, 20, 21, and 22

CLASS IV — Bulls calved during May, 1963

Lots 23, 24, 25, 26, 27, 28, 29, 30, 31, and 32

CLASS V — Bulls calved June 1 to August 31, 1963

Lots 33, 34, 35, 36, 37, 38, 39, 40, 41, and 56

CLASS VI — Bulls calved Sept. 1 to December 31, 1963

Lots 42, 43, 44, 57 and 58

CLASS VII — Bulls calved during 1964

Lot 45

Champion _____ Reserve Champion _____

FEMALES

CLASS VIII — Females calved prior to 1963

Lot 46

CLASS IX — Females calved Jan. 1 to July 31, 1963

Lots 47, 48, 49, 50, and 51

CLASS X — Females calved August 1 to December 31, 1963

Lots 52, 53, 54, 55 and 59

Champion _____ Reserve Champion _____

GROUPS

CLASS XI — Best pair, bull and female, bred and owned by exhibitor.

A beautiful Traveling Silver Platter is awarded each year by the APPLETON CHAMBER OF COMMERCE to the winner of the group class. This trophy becomes the permanent property of the first breeder who wins this class twice.

The Appleton Business Men's Association will provide prizes to the champion and reserve champion bull and female.

Ribbons will be awarded the class winners.

More and more feeders are paying a premium to buy Shorthorn calves like these for their feedlots. They gain well and are ready for market sooner than other breeds. Shorthorn crossbreds are also in strong demand and are bringing top prices.

SCHEDULE OF EVENTS

MONDAY, MARCH 29

- 6:30 P.M.—Annual Minnesota Shorthorn Association banquet. To be held at the Armory. Dinner served by the V.F.W. Auxiliary. Bill Anderson, West Liberty, Iowa, director of the American Shorthorn Association, will be the featured speaker.

LOT 15 — BLUMFIELD DIAMOND 8th — This is a growthy grandson of Iowa State Fair Champion, Melbourne Leishman by Perth Reserve Champion Cruggleton Leishman. Look this one over.

WHY USE SHORTHORN BULLS ?

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

THE BOX SCORE

Sire	No. Calves	Average Weaning Wt.	Total Pounds
Shorthorn	47	330 lbs.	15,510
Hereford	34	306 lbs.	10,404
Angus	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

Some beefy, rugged sons of Leveldale Blood Bank in the Dewey Lunstra Circle L Ranch herd, Beaver Creek, Minn. Lunstra is consigning three bulls to this sale. Lots 57 and 58 are half brothers to this trio.

IN CASE YOU DIDN'T KNOW!

Of course, anyone who has a herd of Shorthorn cows, or who has used Shorthorn bulls, knows of their superior profit making ability. In case you have not had experience with Shorthorns, we urge you to get better acquainted. Here are a few facts . . .

- Shorthorn bulls sired calves with higher gains, heavier weights and better carcasses when used on blacks and whitefaces than did the black - whiteface cross in a recent Louisiana State University test.
- Shorthorns outgrossed all beef breeds in a summary of 31 feeder calf sales held in Virginia . . . \$5.85 more than blacks and \$7.00 more than whitefaces sold in these sales.
- Shorthorns have topped the Kentucky Performance Tests for the sixth straight year. They led in average daily gain, adjusted average daily gain, type score, and index value.
- A study by the Quebec Department of Agriculture proved that Shorthorns mature earlier and produce a higher carcass grade than blacks and whitefaces.

Bob Rutledge, Donahue & Rutledge Ranch, Cheyenne, Wyo., says . . . "We started with whitefaces . . . but snowburned udders reduced our weaning weights. We then bought black bulls but ran into shy breeding problems after we had gone completely to Angus. This resulted in a short uneven calf crop and a long drawn out calving period. We then changed to Shorthorn bulls. The advantage has been 50 to 75 lbs. increased weaning weight and one to two cents per pound premium. We have 70 per cent of our calves in the first three weeks of calving."

C. A. Mallett Cattle Co., Miles City, Mont., writes: "Our cow herd contains 600 Angus and crossbred cows. Our entire sire battery is now Shorthorn bulls. We purchased Shorthorn bulls to get a better calving percentage, a heavier calf, and a better feeding animal. Shorthorn crossbreds wean about ten per cent heavier than straightbreds of other breeds. I think the Shorthorn cross will eliminate a lot of the cancer eye and womb troubles of the Hereford."

ARDBENNIE ROYAL ROBIN

This stylish headed, imported bull is the sire of Lots 29 and 38, being consigned by Charles and Loraine Augustine, Hi-Land Acres, Lake City, Minn.

Shorthorn Crossbreds In Demand . . .

For many years crossbred calves sold at a discount. This is no longer true . . . not if you are using Shorthorn bulls. Shorthorn straight-bred calves also sell at a premium. Note these facts . . .

● Shorthorn crossbreds topped the 5,000 head "Black Friday" Angus commercial sale at Winner, S. D., last November for Forgey Bros., Dallas, S. D. They brought \$26.00 per cwt.

● Shorthorns topped all breeds at the Spalding, Nebr. all breed sale last Fall.

● The top-selling load of feeders at the 1964 American Royal were Shorthorns.

● The top-selling pen of calves at the 1965 Arizona National were Shorthorns.

● At every established commercial Shorthorn sale last fall, Shorthorns sold for \$2.00 to \$3.00 per cwt over the going market on other breeds.

STANDARD GUARANTEE

Endorsed by
AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
 2. All bulls are guaranteed breeders, provided they are not allowed to serve under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
 3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
 4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
 5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination certificate. Announcements will be made covering animals not clear from vaccination.
 6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred female, showing names and record numbers of sire and dam, as well as service date.
 7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
- All prospective buyers should check health requirements of their states.

W. J. Blacklock, Auctioneer.

INTRODUCTION

Mr. Cudmore homesteaded in the Manor district in 1902 and his Shorthorn herd was established then. Recent herd bulls tell the story of the quality of the herd. In 1944 Mr. Cudmore bought Glenburn Jolly Miller by Klaymor Royal by Collynie Royal Bar- rago. This bull, bred by F. H. Deacon and Son, Unionville, On- tario, was later made the Grand Champion Bull at most of the Class A Summer Fairs. The next herd sire was bred by A. C. Kirkpatrick—Kemar Royal Baron by Balgeran Hunter. Then came Norse Barrage out of the Bill Harrison dispersal and School- view Memory bred by John Moellenbach out of the 1959 Regina Bull Sale. The full pedigree of both these sires is given below. Greenhaulme Brigadier 5S by Kelburn Brigadier by Kair Con- quest was bred by Walter Clark and is the sire of several good calves in the sale. This is a very good group of Shorthorn cattle selling in pasture condition. The calves are a good lot with several show prospects among them.

Accept this as your invitation to be with us at Dauncey's Auction Market, Moosomin, on Tuesday, October 19th, for the sale of this top herd of Shorthorns.

W. J. Blacklock, Auctioneer
Blacklock Auction Service.

SCHOOLVIEW MEMORY was bred like the bull pictured. He has been an out- standing breeder for Cudmore's. His daughters are a feature of this sale.

DAM: Polled Duchess X-475587- Red, P. P. Bender.
Exposed to LONEDALE CONQUEST 3rd, after July 20th.

INTRODUCTION

Philip Bender and his sons have made a fine mark in the Shorthorn world. Because of his health Mr. Bender finds it necessary to curtail his activities and so is dispersing his good Shorthorn herd. His son Glen, however, will carry on with his few Shorthorns and I am sure will continue to be a breed improver as his father has been.

Mr. Bender bought his first Shorthorn cow in 1948. Since the beginning he has bred for size and this is evident in his herd today. Top cows were added from Rhys Williams, Loweridge and Bert Barnsley. In 1952 a polled female from Hugh Kidd was added to the cow herd.

The sires which have been used have been Grand Champions: the 1955 Regina Champion—Red Max B; the 1959 Brandon Champion—Kelbank Research; then in 1964 from the herd which produced the champion and out of the winning group of three—Lonedale Conquest 3rd. This gives a clear indication of the breeding program over the years.

The combination of champion bulls on good, big, producing cows resulted in Shorthorns which any breeder would be proud to produce and show. Here are the winnings of one summer on the fair circuit: Grand Champion Female at Yorkton and Saltcoats; Supreme Champion Female at Saltcoats; Reserve Grand Champion Female at Moose Jaw; Grand Champion Bull and Grand Champion Female at Abernethy. Space does not allow us to give other winnings. But why say more than that in 1965 the Philip Bender herd produced the Grand Champion Bull at the Regina Winter Fair. This bull's picture appears at the top of this folder.

Here then is an exceptional group of Shorthorn cattle bred the right way. A great herd sire; a group of yearling bulls with some real herd sire prospects among them; a set of cows with youth and size; bred heifers which show every indication of becoming big producing matrons; and a very uniform group of calves.

Monday, October 18, 1965 will be Opportunity Day for Shorthorn enthusiasts who attend the Philip Bender Shorthorn Dispersion. Don't miss it.

TERMS & CONDITIONS

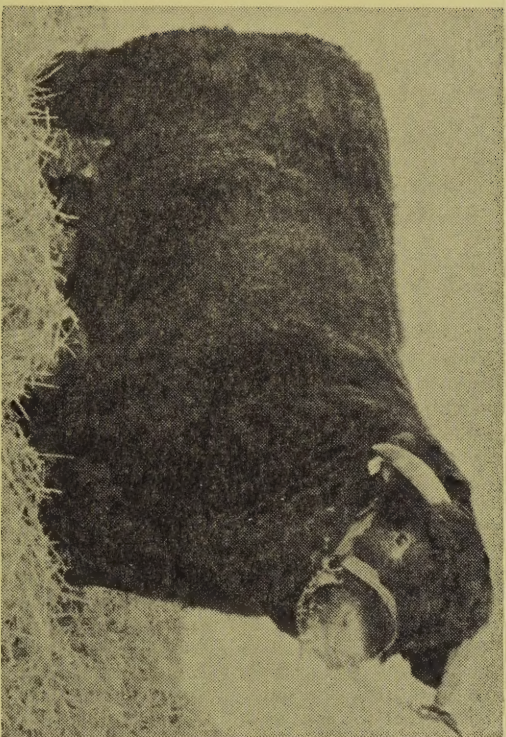

TERMS—Terms of the sale are cash. Cheques will be accepted.

HEALTH—The cattle are in good healthy condition. Any known defects will be drawn to the attention of the buyers at the time of sale.

GUARANTEE—Since this is a dispersal the cattle will be sold at the halter without further guarantee.

TIME—The sale will be held at 1 p.m. C.S.T. on Monday, October 18th, 1965.

LOCATION—The sale will be held at the Philip P. Bender farm located ½ mile west, 5 miles south, ½ mile west of Neudorf, Sask.

RED MAX B

Senior and Grand Champion, Regina, 1955

This massive son of Killlearn Red Max was shown by John Riddall, Yarbo, Sask. and was made Grand Champion by judge Ab Colbert. Mr. Bender bought him and used him successfully for four years. Red Max B was bred by Henry Washington, Ninga, Man., and calved the property of Rhys Williams and Son, Melville, Sask. His dam was the good cow Beauty which produced \$10,000 worth of cattle at the Great Washington Sale. In this dispersal of the Bender herd six daughters of Red Max B sell and he is the grandsire of 15 other cattle.

SIRE OF DAM: Killlearn Monarch.

PHILFORD STANLEY 12S

Bred by Philip Bender

Philford Stanley 12S stood well up in the class for older bulls at the 1964 Canadian International in Brandon. Two of the yearling bulls and one heifer in the sale are by him. "12S" is a son of Kelbank Research.

KELBANK RESEARCH

Junior and Grand Champion, Brandon, 1959

Kelbank Research, bred by C. J. Fisher, Ninga, Man., was a solid red and as his picture shows was a thick, good-headed bull. He was bought by Mr. Bender to use on the daughters of Red Max B and on his foundation females. He sired the 1965 Regina Grand Champion for the Benders and has produced many top quality Shorthorns in this dispersal sale; six sons and eighteen daughters.

PHILFORD KELLY 1U
Junior and Grand Champion, Regina, 1965

Judge Louis Latimer, Olds, Alberta, liked this good prospect from the Philip Bender herd and placed him above all other Shorthorns at the Regina Winter Fair Bull Show. He sold to W. H. Blezzard, Grenfell, Sask. Several head in this dispersal sale are by Kelbank Research as was Philford Kelly 1U.
